43 CFR 3809 – Surface

Notice

Notice Received – Additional Information Required

Your Notice for exploration operations was received by the Fillmore Field Office, Bureau of Land Management (BLM) on May 20, 2012 and has been assigned BLM case file number UTU-89111. Please refer to this number in future correspondence. The Notice has been submitted on a Utah Division of Oil, Gas & Mining form "Notice of Intent to Commence Small Mining Operations" though the description of proposed activity appears to be for exploration drilling. The Notice proposes "core sampling", two from each claim. The Notice lists one claim, UMC 409842 and three somewhat discontinuous locations; NENW section 8, SWSE section 5, and SE section 6, T. 14 S., R. 2 W., SLB&M.

Consistent with the surface management regulations at 43 CFR 3809.311(a) BLM has reviewed the Notice to determine if it meets the content requirements at 43 CFR 3809.301(b). Based on our review, the following information is required from Cosmic American Rare Earth Inc. in order for the Notice to be complete:

- 1) Operator Information. Tax Payer Identification Number;
- 2) Activity Description, Map and Schedule of Activities. A description of the proposed activity with a level of detail appropriate to the type, size and location of the activity. Include a map showing the location of your project area in sufficient detail for BLM to be able to find it and the location of access routes, drill pad, sumps, etc. you intend to use, improve, or construct. A description of the type of equipment you intend to use and a schedule of activities;
 - a. Number and size of drill pads;
 - b. Number, depth and diameter of drill holes;
 - c. Number and volume of sumps;

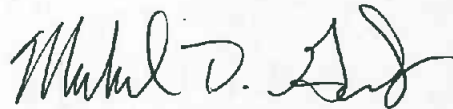

- d. Depth to ground water; and
 - e. Length and width of proposed road improvements and new construction.
- 3) Reclamation Plan. A description of how you will complete reclamation to the standards in 43 CFR 3809.420.
- a. Drill hole plugging;
 - b. Sump reclamation;
 - c. Drill pad reclamation; and
 - d. Road reclamation
- 4) Confirm that this proposed activity is exploration rather than mining.

Until a complete Notice is filed with this office, the BLM is unable to determine that your proposed operation will not result in unnecessary or undue degradation as defined under 43 CFR 3809.5. In addition, we are unable to make a determination as to the amount of the required financial guarantee.

Please submit the required information at your earliest convenience. Until we receive this information your Notice cannot be processed and the proposed exploration activity is not to take place. Conducting the proposed activities before filing an acceptable Notice as required by 43 CFR 3809.21 is a prohibited act under 43 CFR 3809.605(b).

If you have any questions, please contact Jerry Mansfield, Fillmore Field Office Geologist, at 435-743-3125.

Sincerely,

Michael D. Gates
Field Manager
